“I LOST 85 LBS. FAST! and went from size 22 to size 10 in no time flat... WITHOUT DIETING!”
GUARANTEED to work for you too!

DIET DISCOVERY ASTOUNDS SCIENTIFIC COMMUNITY!
In what is being acclaimed a “major breakthrough,” a group of European scientists have recently discovered a powerful new weight-loss formula that causes rapid weight loss without restriction of diet. The discovery was made while researchers at the University of Kuopio, in Finland, were searching for a compound to lower cholesterol. In a test group of people who took the formula, cholesterol levels remained unchanged but doctors were astounded to find that every patient had lost a significant amount of weight!

ACTUALLY SUPPRESSES ABSORPTION OF CALORIES!
Medical researchers quickly discovered that this new formula actually alters the way your body absorbs food. When taken before meals—time it bonds with the food you eat and “ties up” calories, preventing their absorption. So a substantial portion of the ingested calories pass through and out of the digestive system unabsorbed. Even though you eat as much as you want, a rapid weight loss occurs, as your body burns fat to replace those lost (unabsorbed) calories.

CLINICALLY TESTED
Further medical tests of the new formula have been made in Sweden at Sahlgrens Hospital, University of Göteborg. Results published in the BRITISH JOURNAL OF NUTRITION stated: “Body weight was significantly reduced during the study even though the patients were specifically asked not to alter their dietary habits.” This new compound is so powerful, it’s relentless in its attack on bulging deposits of fatty tissue that it has virtually eliminated the need for dieting or torturous exercise.

PROVEN SAFE/EFFECTIVE
After exhaustive testing, the new compound was determined to be safe and was formulated into one of the most effective weight-reducing pills of all time. This revolutionary formulation is being marketed in the United States under the trade name Cal-Ban 3000™. It is now available without a prescription from Anderson Pharmacies, which holds exclusive North American rights to Cal-Ban 3000™. Cal-Ban 3000™ is derived from a 100% natural plant source and contains no drugs or stimulants.

EAT ALL YOU WANT AND KEEP LOSING!
Cal-Ban 3000™ allows you to continue to eat as much as you desire, as long as you take your Cal-Ban 3000™! Within hours your body’s fat cells will start to shrink. You’ll be amazed at how fast measurable results can be seen! Some best case histories report losing up to 8 pounds of fat and fluid in the first 12 hours! Dissolving away up to 15 pounds in the first week and dropping up to 40 pounds of fat the first month! Others have continued to lose up to 50, 60 and 80 or more pounds.

ACT NOW TO CHANGE YOUR LIFE!
Now you can transform your body into a slender, more youthful figure with ease. You can become the trim, attractive man or woman who is admired by everyone! Some Cal-Ban 3000™ users have reported losing a full dress size in one week...2 dress sizes in 14 days! You’ll feel great about your self when you see how good you look in stylish new clothes! And you will see your social life improve dramatically as you enjoy the self-confidence your slender, firm body brings!

GUARANTEED RESULTS!
News of this new pill is sweeping the country! Thousands of people are using Cal-Ban 3000™ to quickly get rid of fat, flab and cellulite. With Cal-Ban 3000™ you will reach your weight loss goal no matter how many diets, diet programs, or diet pills you may have tried before. We guarantee it! You have nothing to lose but pounds and inches! Order right now!

NEW MEDICAL BREAKTHROUGH!
LOSE UP TO 50 POUNDS
WITHOUT DIETING!

NEW FORMULATION SUPPRESSES CALORIE ABSORPTION

In a major medical breakthrough, the scientific community has at last developed a powerful, fast-acting weight-loss compound that virtually eliminates dieting, eliminates strenuous exercise and, most importantly, eliminates fat, flab and cellulite! The powerful bio-active ingredient in Cal-Ban 3000™ (Cyanopsis tetragonolobus) works by “short-circuiting” the fat-building process before your body can turn excess calories into figure-destroying fat. Now this amazing weight-loss compound is available through Anderson Pharmacies without the necessity of a doctor’s prescription. No matter how many times you have tried to lose weight and failed before — you will reach your weight-loss goal this time! We guarantee it!

Incredible But True! Read These FACTS

FACT: You can eat all your favorite foods and still lose weight! Cal-Ban 3000™ bonds with the food you eat and prevents absorption of a substantial portion of the calories, forcing your body to burn fat, flab and cellulite for energy.

FACT: Your weight loss is automatic! Just take your Cal-Ban 3000™ every day and you will automatically lose weight. There is no calorie counting, no tortuous exercises and no dangerous stimulants.

FACT: Millions of fat cells will begin to shrink within 24 hours as your body goes on a fat-burning spree. Fat, flab and cellulite from your waist, hips, thighs and buttocks will be metabolized away!

FACT: Cal-Ban 3000™ is absolutely safe. It contains no stimulants or amphetamines. No harmful side effects have been reported.

FACT: A clinical study of the Cal-Ban 3000™ formulation showed 100% success! Everyone lost weight! A team of European doctors tested a number of overweight women. In the group that took the Cal-Ban 3000™ formulation, everyone lost a substantial amount of weight. The amazing results of this study, published in the British Journal of Nutrition, Vol. 52, pp. 197-195, stated, “Bodyweight was significantly reduced during the study even though the patients were specifically asked not to alter their dietary habits.”

FACT: IF YOU ORDER TODAY YOU CAN TAKE ADVANTAGE OF OUR INTRODUCTORY DISCOUNT PRICES!

Cal-Ban 3000™ Lets You ....

- Eat all you want and still lose weight. (The formula “bonds” with food, preventing absorption of much of your caloric intake.)
- Lose weight whether you exercise or not. (Because your body is absorbing less, it “burns” fat, flab and cellulite for energy.)
- Keep your pep without getting jittery. (The formula has no dangerous stimulants, no harmful side effects, no chemicals.)
- Melt away flab — and keep it off. (Most diets fail because they require ongoing discipline and will-power. This formula doesn’t.)

Please Note: Because Cal-Ban 3000™ is so effective at removing ugly deposits of fat and cellulite and because Cal-Ban 3000™ has absolutely no harmful side effects, some people tend to overdo it. Do not allow yourself to become too thin. If you start to lose weight too rapidly, reduce your tablet intake or skip a day or two. Also, before starting any weight-loss program you should check with your physician to be sure you are in normal health.

Cal-Ban 3000: Solution to the Diet Dilemma

Most people know how hard it is to lose weight. Diet products (pills, drinks, etc.), books about dieting, exercise equipment, fitness clubs, memberships, aerobics classes, exercise videos, and other weight-loss products are some of the hottest selling items on the market today.

Most of us have tried many of these products, with little to no success. (If you believe you haven't, you probably aren't reading this article.) Cutting down on food intake is simply not very easy. In the first few days of dieting, a few pounds may fall off without too much difficulty, but then, your metabolism rate slows down because your body senses that you are trying to starve it to death. It seems the less you eat, the slower the metabolism gets. Eventually, it's impossible to lose any more weight. To make things worse, your energy level has dropped to low, exercise is out of the question.

Now, available for the first time through Cal-Ban 3000, is the answer to the diet dilemma. Cal-Ban 3000 is an all-natural, simple and effective approach to weight-loss. With Cal-Ban, there are no hunger pains, no special diet, no counting calories, no giving up foods you love, no additional anything.

Cal-Ban 3000 is exactly what the name implies. Cal, meaning "calorie," and Ban, meaning "ban from absorption." Cal-Ban 3000 actually prevents a portion of your caloric intake from being absorbed in the body. It addition, it makes you feel fuller so that you naturally tend to eat less.

Swanson's Health Shopper recently interviewed Carl Anderson, Chemist and vice-president of Anderson Pharmaceuticals, about the success of Cal-Ban 3000.

Swanson's: What is the active ingredient in Cal-Ban 3000?

Anderson: Cal-Ban 3000 is 100 percent soluble fiber from guar gum (Cyamopsis Tetragonolobus). Other soluble fibers include oat bran and psyllium. These have a quality where they will form a gel substance when combined with liquid. Soluble fibers do not enter the blood stream so they stay confined within the walls of the digestive tract and pass through it.

Guar gum is derived from the cluster bean, a totally natural plant source. Guar gum has been studied extensively by nutritionists and clinicians for its merit as an aid in weight-loss, as well as other beneficial effects on the body.

Swanson's: How does guar gum work in the body?

Anderson: When combined with a liquid, in the stomach, guar gum thickens the stomach content. This allows the food to remain in the stomach longer before emptying into the small intestine. The increased gastric emptying time signals "fullness" and tends to decrease hunger and subsequent food intake.

Guar increases the viscosity and volume of the food mass. It traps nutrients in and slows diffusion of nutrients out of the gut matrix, thereby inhibiting the release of various dietary constituents, including caloric nutrients, from the intestinal tract into the blood stream. In other-words, some of the caloric material, especially fats and oils, are prevented from absorption and simply pass through.

Swanson's: What effect does guar gum have on fats in the digestive tract?

Anderson: Guar gum has a high affinity for fats, whether of dietary or biliary origin. It therefore inhibits the absorption of dietary or recirculating fats and cholesterol.

This has been proven in studies conducted on people who were and were not taking guar supplements. The results revealed a much higher fat content in the feces of individuals taking supplemental guar. (There is no fat in guar.)

This is one of the major factors contributing to the weight-loss effectiveness of guar gum. Our dietary fat intake is much more detrimental to our weight than sugar or starches. Anyone with moderate activity can burn up most of the sugar and starches they consume, while fat consumed goes directly into fat storage.

Swanson's: What other clinical studies have been conducted on guar gum?

Anderson: Numerous studies have been conducted on the positive effects of guar gum on weight loss. Four individual studies, published in scientific journals, have documented significant weight-loss by individuals who consumed guar gum. One study reported an average of 5.5 pounds and another reported an average loss of 9.5 pounds. It should be pointed out that these individuals did not alter their diet in any way nor alter their amount of physical activity in any way.

In addition, these individuals also significantly reduced their total serum cholesterol levels.

Guar gum has been studied for the following applications:
- Weight control
- Slowing stomach-emptying time
- Appetite reduction
- Slowing of absorption of sugars
- Release of the hormone insulin
- Lowering of serum cholesterol levels

Swanson's: What studies have been conducted on the safety of guar gum?

Anderson: Guar gum is a non-toxic substance. Guar intake in the range of 10-30 grams per day appear to be safe for many months of sustained use and free from serious gastrointestinal and metabolic side-effects.

Swanson's: Have there been studies conducted on the relationship of fiber and mineral absorption in the body?

Anderson: Yes, a study conducted by McIver, Cummings and Mendelson, in the American Journal of Clinical Nutrition, reported that an intake of 30 grams of guar gum for 16 weeks, demonstrated that guar gum does not alter the balance of minerals in the blood stream. This intake is twice the dosage that we recommend with Cal-Ban 3000.

Swanson's: What is the suggested use of Cal-Ban 3000?

Anderson: Approximately 20 or 30 grams before each meal, take the suggested number of table with a large glass of water. For the first three days, take four capsules before each meal, in the next four days, take six capsules before each meal, in the next seven days, take eight capsules before each meal. Thereafter, take 10 capsules before each meal.

Ten tablets before each meal is equivalent to a daily total of 15 grams, which is what the clinical studies used. We want individuals to achieve the same results or better than the individuals in the studies obtained.

Remember to drink a full glass of liquid each time you take tablets and swallow the tablets one at a time.

Swanson's: What is the significance of the large glass of water?

Anderson: The water serves more than one purpose. A glass of water consumed before a meal will help decrease the appetite to some degree. Also, the guar gum requires fluid to absorb and form the gel in addition to the gastric juices already present in the stomach.

Swanson's: Why do you suggest individuals start at a lesser dosage and build up to the 10 tablet per-meal dosage?

Anderson: Some individuals, if unaccustomed to a diet high in fiber, may experience some flatulence if they suddenly start taking the full dosage. The gradual increase allows the body to adjust, eliminating this problem for some people may experience.

Swanson's: How effective is Cal-Ban 3000 as a weight-loss product?

Anderson: We have affidavits from several dozen individuals who have have over 100 pounds. Most of our customers claim they do not change their diet or amount that they exercise. Particularly useful for people to change their dietary habits and this is why we tell people they do not have to do so. Cal-Ban 3000 is effective without dieting, exercise or any other additional modes of dieting.

If an individual does make an attempt to cut down on food intake while taking Cal-Ban 3000 and he will lose weight faster.

Swanson's: In addition to weight loss, are there other benefits of increased intake of dietary fiber?

Anderson: Fiber has numerous benefits in health and nutrition. Fiber diets have been advocated to treat or decrease the risk of colorectal cancer, cardiovascular disease, diabetes and obesity. Fiber supplements have been shown conclusively to be important adjuncts to weight-loss programs. Gum-like fibers such as guar gum are low calorie, do not increase satiety, decrease food intake, and inhibit the absorption of caloric nutrients.

The American Cancer Society is beginning to promote the use of high-fiber diets in order to reduce the risk of cancer, particularly the colorectal variety. Ingestion of fiber-rich diets appear to be beneficial in reducing the risk of cardiovascular disease by lowering serum cholesterol; fiber has long been known to lower low-density-lipoprotein (LDL or "bad") cholesterol while leaving the high-density-lipoprotein (HDL, or "good") cholesterol unaffected.

Fiber-rich diets are also useful in modulating the secretion of insulin and prevent wide fluctuations in blood glucose levels.

CAL-BAN 3000™ IS SWEEPING THE NATION BECAUSE IT WORKS...WITHOUT RIGID DIETS

- WITHOUT STRENUEOUS EXERCISE
- WITHOUT EXPENSIVE THERAPY

ACTUAL WEIGHT LOSS WILL VARY DEPENDING UPON A VARIETY OF FACTORS.

FORMULA ACCIDENTALLY DISCOVERED BY EUROPEAN SCIENTISTS

The Cal-Ban 3000 formula was discovered by European scientists who were testing a natural compound for its ability to lower cholesterol. They were surprised to find that every person who took the formula had lost a significant amount of weight! After further testing, the formula results were published in the British Journal of Nutrition stating: "Body weight was significantly reduced during the study even though the patients were specifically asked not to alter their dietary habits."

HOW CAL-BAN 3000 WORKS

While it is not entirely clear how the formula induces weight loss, some scientists believe this compound actually alters the way your body digests food; when taken before mealtime it binds with food and suppresses calorie absorption.

TESTED FOR SAFETY

Cal-Ban 3000 is derived from a 100% natural plant source and contains no drugs or stimulants. The active ingredient has been clinically tested for safety. This remarkable formulation is now available in the United States without a prescription from Argin Pharmaceuticals, which holds exclusive North American rights to Cal-Ban 3000.

RESULTS WILL AMAZE YOU

Some best case histories report losing 8 pounds of fat and fluid in the first 72 hours, and up to 40 pounds the first month. Others have continued to lose up to 60, 80 and 100 or more pounds.

ACT NOW TO CHANGE YOUR LIFE

Now you can transform your body into a slender more youthful figure with ease while still enjoying the foods you like. You'll feel great about yourself when you see how good you look in stylish, new clothes! You'll see your social life improve as you enjoy the self-confidence your slender, firm body brings. Don't let this opportunity to literally change your life get away. Your success is guaranteed by our money-back guarantee!

Unexplained Weight Loss Puzzles Scientists

FINLAND—The unexpected weight loss experienced by members of a test group has puzzled medical researchers at a leading Finnish university. Scientists were testing a naturally-occurring compound for its ability to lower blood cholesterol levels when, to their surprise, they found that every person who took the formula had lost a significant amount of weight.

The formula was then tested at another prestigious European university hospital. Again, all patients lost weight even though they did not change their eating habits. The report detailing this study, published in the British Journal of Nutrition, stated: “Body weight was significantly reduced even though the patients were specifically asked not to alter their dietary habits”.

This woman reportedly lost 134 pounds while on the formula.

While it is still not entirely clear how the formula induces weight loss, some scientists believe this compound actually alters the way the body digests food: when taken before mealtimes it bonds with food and suppresses calorie absorption. Unabsorbed calories would pass through and out of the digestive system.

The formula is marketed in capsule form in the United States under the trade name Cal-Ban 3000. A firm located in Tampa, Florida has exclusive North American distribution rights to Cal-Ban 3000. A company spokesman reported that the formula is 100% natural and has been clinically tested for safety. Review of the customer files of this company revealed the names of hundreds of people who have lost as much as 20, 40 or 80 or more pounds overall with Cal-Ban 3000. This appears to be a golden opportunity for people who are plagued by fat and cellulite that they can’t seem to lose by conventional methods.

Cal-Ban 3000 is reasonably priced at $19.95 for a 3-week supply and $38.95 for a 6-week supply. Postage and handling is $3. VISA, M/C, AMEX and COD orders are accepted. To order call TOLL-FREE 1-800-635-7529. Canadian orders call 1-800-231-4700. Offer not available in Iowa.

Call today to begin the pleasant transformation from fat and flab to the slender firm body you want! If you fail to achieve a major weight loss you may return the empty bottle within 30 days for a 100% refund.
Restricts Intestinal absorption.

SWEDEN — Medical Researchers at the University of Kuopio in Finland have discovered (accidentally) a new weight loss formula. The new discovery enables an overweight individual to lose pounds of fatty tissue without conscious dietary restriction.

Scientists made the discovery while searching for a formula to lower cholesterol. In a controlled study of a test group of people, cholesterol levels remained unchanged, but doctors were astonished to find that every patient who used the formula lost weight. The published report of this study stated: "A highly significant decrease in body weight was seen" in patients who received the formula.

The formula was then tested in Sweden at Sahlgren Hospital, University of Goteborg. Again, all patients lost a substantial amount of weight even though they did not change their eating habits. The report detailing this study, published in a leading British medical journal, stated: "Body weight was significantly reduced even though the patients were specifically asked not to alter their dietary habits."

One patient in this study lost more than 30 pounds over an eight week period.

Clinical trials which have recently taken place in the United Kingdom have shown that the main constituent of this formula has the ability to decrease the intestinal absorption of several components of the diet. It has also been shown that is increases the sense of satiety or fullness, all of which help make this one of the fastest growing weight loss formulas on the market today.

The active ingredient comes from a 100% natural plant source and contains no drugs or stimulants. Clinical tests have verified the safety of this formula for long term use. The formula is marketed in the United Kingdom under the trade name of Cal-Ban 3000. A firm located in Swansea, South Wales, has exclusive U.K. and Eire distribution rights. A review of the customer files of this company revealed that over 90% of their clients have achieved an acceptable weight loss, of which some have lost 10 pounds in the first week and as much as 20, 30 or 40 pounds overall with Cal-Ban 3000. This is a golden opportunity for people who are plagued by fat and flab that they can't seem to lose by conventional methods.

Cal-Ban 3000 is reasonably priced at £19.95 for a 3 week supply and £37.90 for a 6 week supply (postage and packing inclusive). For details telephone (0792) 773388 or write to Cal-Ban 3000, Dept (9 MW6), P.O. Box 88, Swansea, SA1 1AX.

Act today to begin the pleasant transformation from fat and flab to the slender firm body you want. If you fail to achieve an acceptable weight loss, you may claim a 100% refund by complying with the instructions enclosed with your purchase.
